Subject: Rosemont Mine

Dear Ladies & Gentlemen: First of all I wish to say thanks for all the EPA does to keep our environment safe.

Rosemont mine innovative concepts of water recycling will ensure that more water will be saved than ever before. this and other planet saving methods are the most environmentally friendly projects in the world.

We need this mine to help out struggling economy in Southern Arizona. The mine plans have been reviewed ad nauseum. Please move forward and approve the plans to meet the November deadline. My personal thanks for your assistance with this vital project.

sincerely

Thomas J Swanton
